1. Identification of the substance/mixture and of the company/undertaking

Product identifier
Commercial Product Name: FiAM Intumescent Acoustic Mastic

Relevant identified uses of the substance or mixture and uses advised against
Relevant identified uses: Sealant
Recommended restrictions: None under normal processing.

Details of the supplier of the product safety information
Company designation: fischerwerke GmbH & Co. KG
Klaus-Fischer-Straße 1
D–72178 Waldachtal
Telephone: +49(0)7443 12–0
FAX: +49(0)7443 12–4222
Email: info-sdb@fischer.de

Emergency telephone number
Emergency telephone number: +49(0)6132–84463 (24h)

2. Hazards identification

Classification of the substance or mixture
Classification according to Directive 67/548/EEC / 1999/45/EEC
This product is not classified as dangerous according to 67/548/EEC / 1999/45/EEC.

Classification according to Regulation (EC) No. 1272/2008
This product is classified as not hazardous according to regulation (EC) 1272/2008 [CLP].

Label elements
R-phrase(s): R52/53: Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

Labelling according to Regulation (EC) No. 1272/2008 [CLP]: The product does not have to be labelled according to Regulation (EC) No. 1272/2008 [CLP].

3. Composition/information on ingredients

Other data: The product contains no substances classified as hazardous to health in concentrations which should be taken into account according to EC directives.
4. First aid measures

Description of first aid measures

General advice
If symptoms persist, call a physician. Remove/Take off immediately all contaminated clothing.

If inhaled
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

In case of skin contact
IF ON SKIN: Gently wash with plenty of soap and water.

In case of eye contact
In case of eye contact, remove contact lens and rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.

If swallowed
If swallowed, seek medical advice immediately and show this container or label. Clean mouth with water and drink afterwards plenty of water. Drink 1 or 2 glasses of water. Do NOT induce vomiting.

Indication of any immediate medical attention and special treatment needed

Immediate medical attention
No data available

Special medical treatment
No data available

5. Firefighting measures

Extinguishing media

Suitable extinguishing media
Carbon dioxide (CO2)
Dry powder
Foam
Water spray jet

Extinguishing media which must not be used for safety reasons
High volume water jet

Special hazards arising from the substance or mixture

Special exposure hazards arising from the substance or preparation itself, its combustion products, or released gases
Heating or fire can release toxic gas.

Advice for firefighters

Special protective equipment for firefighting
In the event of fire, wear self-contained breathing apparatus.
In the event of fire and/or explosion do not breathe fumes.

Additional information on firefighting
Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.
6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions
Ensure adequate ventilation, especially in confined areas.
Keep people away from and upwind of spill/leak.

Environmental precautions
The product should not be allowed to enter drains, water courses or the soil.
Prevent spreading over a wide area (e.g. by containment or oil barriers).

Methods and material for containment and cleaning up

Methods for cleaning up
Use mechanical handling equipment.
Treat recovered material as described in the section "Disposal considerations".

Reference to other sections
Reference to other sections
See chapter 8/13

Additional information
Other information
Dispose of in accordance with local regulations.

7. Handling and storage

Precautions for safe handling

Advice on safe handling
None under normal processing.

Advice on protection against fire and explosion
No special precautions required.

Conditions for safe storage, including any incompatibilities

Storage space and container requirements
Keep containers tightly closed in a cool, well-ventilated place.
Store in accordance with local regulations.
Keep only in original container.

Hints on storage assembly
Store in accordance with the particular national regulations.

German storage class
10–13 (TRGS 510)

Specific end use(s)

Specific use(s)
Sealant
8. Exposure controls/personal protection

Exposure controls

Respiratory protection  No personal respiratory protective equipment normally required.

Hand protection  not required under normal use

Suitable material:  butyl-rubber, Chloroprene, Nitrile rubber

Unsuitable material:  PVC disposable gloves

Material thickness:  adjust to application and duration of use

Break through time:  adjust to application and duration of use

Remarks:  Replace when worn. Request information on glove permeation properties from the glove supplier. Be aware that in daily use the durability of a chemical resistant protective glove can be notably shorter than the break through time measured according to EN 374, due to the numerous outside influences (e.g. temperature).

Eye protection  Tightly fitting safety goggles

Skin and body protection  Wear suitable protective equipment.

Note:  Choose body protection according to the amount and concentration of the dangerous substance at the work place.

General protective and hygiene measures  Smoking, eating and drinking should be prohibited in the application area.

Avoid contact with skin, eyes and clothing.

Take off all contaminated clothing immediately.

Wash hands before breaks and at the end of workday.

Keep away from food, drink and animal feedingstuffs.

Use protective skin cream before handling the product.

Information on environmental protection regulations  No special environmental precautions required.

9. Physical and chemical properties

Information on basic physical and chemical properties

Form  paste

Colour  various

Additional information on colour:  Take care of instructions on label.

pH  7

Relative density  1,55
10. Stability and reactivity

Reactivity
Thermal decomposition No decomposition if stored and applied as directed.

Chemical stability
Chemical stability Stable under recommended storage conditions.

Possibility of hazardous reactions
Hazardous reactions No dangerous reaction known under conditions of normal use.

Conditions to avoid
Conditions to avoid No decomposition if used as directed.

Incompatible materials
Materials to avoid None known.

Hazardous decomposition products
Hazardous decomposition products No decomposition if used as directed.

11. Toxicological information

Information on toxicological effects
Oral toxicity [mg/kg] No data available
Dermal toxicity [mg/kg] No data available
Inhalative toxicity [mg/l] No data available

Additional information
Other information (chapter 11.) There is no data available for this product.

12. Ecological information

Toxicity
Aquatic toxicity [mg/l] There are no data available on the mixture itself.

Persistence and degradability
Biodegradability
Remarks: No data available

Bioaccumulative potential
Bioaccumulation No data available
Mobility in soil

Mobility

Mobility: No data available

Results of PBT and vPvB assessment

Results of PBT characteristics determination This preparation contains no substance considered to be persistent, bioaccumulating nor toxic (PBT).

Other adverse effects

Further information on ecology No information on ecology is available.

13. Disposal considerations

Waste treatment methods

Disposal considerations Dispose of waste according to applicable legislation. The product should not be allowed to enter drains, water courses or the soil.

Waste Code The following Waste Codes are only suggestions:
200000 – MUNICIPAL WASTES (HOUSEHOLD WASTE AND SIMILAR COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL WASTES) INCLUDING SEPARATELY COLLECTED FRACTIONS According to the European Waste Catalogue, Waste Codes are not product specific, but application specific.

Uncleaned empty packaging Dispose of as unused product.

Special precautions for user

Precautions not required under normal use
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
not applicable

Additional information
Other information (chapter 14.) Not dangerous goods in the meaning of ADR/RID, ADNR, IMDG–Code, ICAO/IATA–DGR

15. Regulatory information

Chemical safety assessment
Safety assessment Not relevant. Chemical safety assessments for substances in this mixture were not carried out.

16. Other information

Recommended restrictions None under normal processing.

This information is provided in accordance with the current status of our knowledge and experience. The Safety Data Sheet describes products with a view to relevant safety requirements. This information does not constitute a warranty of properties, features or qualities.
